

**Join us Wednesday, May 8**  
**Human Trafficking Follow-up Meeting**  
**St. Andrew Gathering Space**  
**6:30—8:30 pm**

We had a great response to the Panel Discussion held on April 10. Over 20 individuals expressed an interest in getting involved to help our local Rochester community combat human trafficking. FBI Specialist, Mellisa, shared that trafficking takes place in every Zip Code.

We have invited Dawn Connors, Executive Director of the Michigan Abolitionist Project, to come and share how forming local Community Groups can have an impact. Joining Dawn will be Kathy Maitland, who leads a community group. They will share their stories. We will discern, as a faith community, if we should form a community group.

All are welcome to attend. Please contact David at the parish office if you can make it, Wednesday, May 8.
